WORK EXPERIENCE

Software Developer | Sandhills Global | Full-Time | Imperial, NE Oct 2023 – Present

- Implemented features for and maintained website frontends and backends, web APIs, Windows services, and web services using VB, C#, HTML, CSS, and JavaScript in an Agile environment.
- Implemented a push notification API for our mobile apps in C#.
- Implemented a web agreement acceptance tracking API for our sites in C#.
- Maintained the in-house project management web app in React/C#.
- Maintained the YouTube upload queue in VB.
- Implemented the web agreement editor web app in React/C#.

Graphic Designer | Mystic Rhoads Productions | Freelance | Lincoln, NE Jun 2023 – Apr 2024

- Designed custom Pigout Bucket playing cards which are used in Lincoln Public Schools after school clubs.
- Designed Dirt Nap Dip recipe cards which are given out at various Farmers' Markets around Lincoln.
- Continued development of baldorf after graduation.

Django Web Developer | FarmAfield | Full-Time | Lincoln, NE May 2021 – Aug 2022

- Maintained farmafield.com resolving 73 Jira issues.
- Added preferences for theme, email, cookies, and notifications improving the user experience.
- Reduced CircleCI testing times by 50% with parallelism improving the developer experience.

SIDE PROJECTS

NCI Field Report | Mike Nichols | Imperial, NE Sep 2025 – Present

- Created a website to improve how field scouts create, manage, and share reports with farmers.

CropCache | Wallin Farms | Imperial, NE Jun 2025 – Aug 2025

- Created a crop inventory management website for Farmers. Syncs with SnapScale.

SnapScale | Wallin Farms | Imperial, NE Aug 2023 – Jan 2025

- Created a CLI and a website that converts images of scale tickets into reports with export to Excel.
- Can be used as crops are sold with report generation later; or in batch at the end of harvest.

Custom Website Portfolios Dec 2021 – Present

- Created four portfolio websites to learn web development and show-off experiences.

TALKS

NebraskaJS | Omaha, NE Mar 2025

- Talked about using Notion as a Content Management System (CMS) with React-Notion-X for 10 minutes.

EDUCATION

University of Nebraska-Lincoln | Lincoln, NE | GPA: 3.96/4.00 Aug 2019 – Aug 2023

- Graduated with Honors and Highest Distinction in Computer Science with a minor in Mathematics.
- Developed Minieval with a team of six students in the Game Development club.
- Developed baldorf, a Unity mobile game for Mystic Rhoads Productions. Received individual Rockstar award for placing in the top 15% of students and our team received an honorable mention for best team.
- Designed a multiplayer game mode for baldorf as a research project. Wrote a 50-page paper and defended it in a 35-minute presentation.
- Teaching Assistant for Software Engineering – CSCE 361.
